Honorable Dan Elliott, Chairman

Surface Transportation Board

395 E Street SW

Washington, DC 20423

ENTERED
Office of Proceedings

APR 25 2011

Part of
Public Record

Dear Chairman Elliott,

We are a privately owned Logistics provider based in Memphis, TN that provides transportation and logistics services to our clients. We work closely with our clients and the nation's rail carriers to provide transportation for them to receive raw materials for manufacturing, consumer goods ready for market which enables our client to continue to grow their business. We provide these services to all clients, who operate in all 50 states. We rely heavily on the free market to purchase transportation for our clients. We strongly believe a healthy freight rail network supports job growth and continued economic recovery. We cannot in a time when our financial recovery is fragile, support any policy changes that hinder the freight railroad's ability to continue to invest billions of dollars in private capital to grow and modernize the nation's rail system. We strongly encourage each rail carrier we work with to continue to purchase, upgrade and modernize their network. A strong and healthy network of rail carrier's helps foster jobs growth in the private sector lessens the impact of our nation's network of interstate highways, which are vital to our fiscal and economic growth in this time of recovery. We respectfully ask that you do not place any further regulation upon our nation's network of rail carriers.

Sincerely,

A handwritten signature in black ink, appearing to read "David Wedaman". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

David Wedaman
